Our vision

To **reshape** and **reform** the public sector (public sector modernization)

To transform the public sector into a **technology leader** and **innovation breeding carrier**

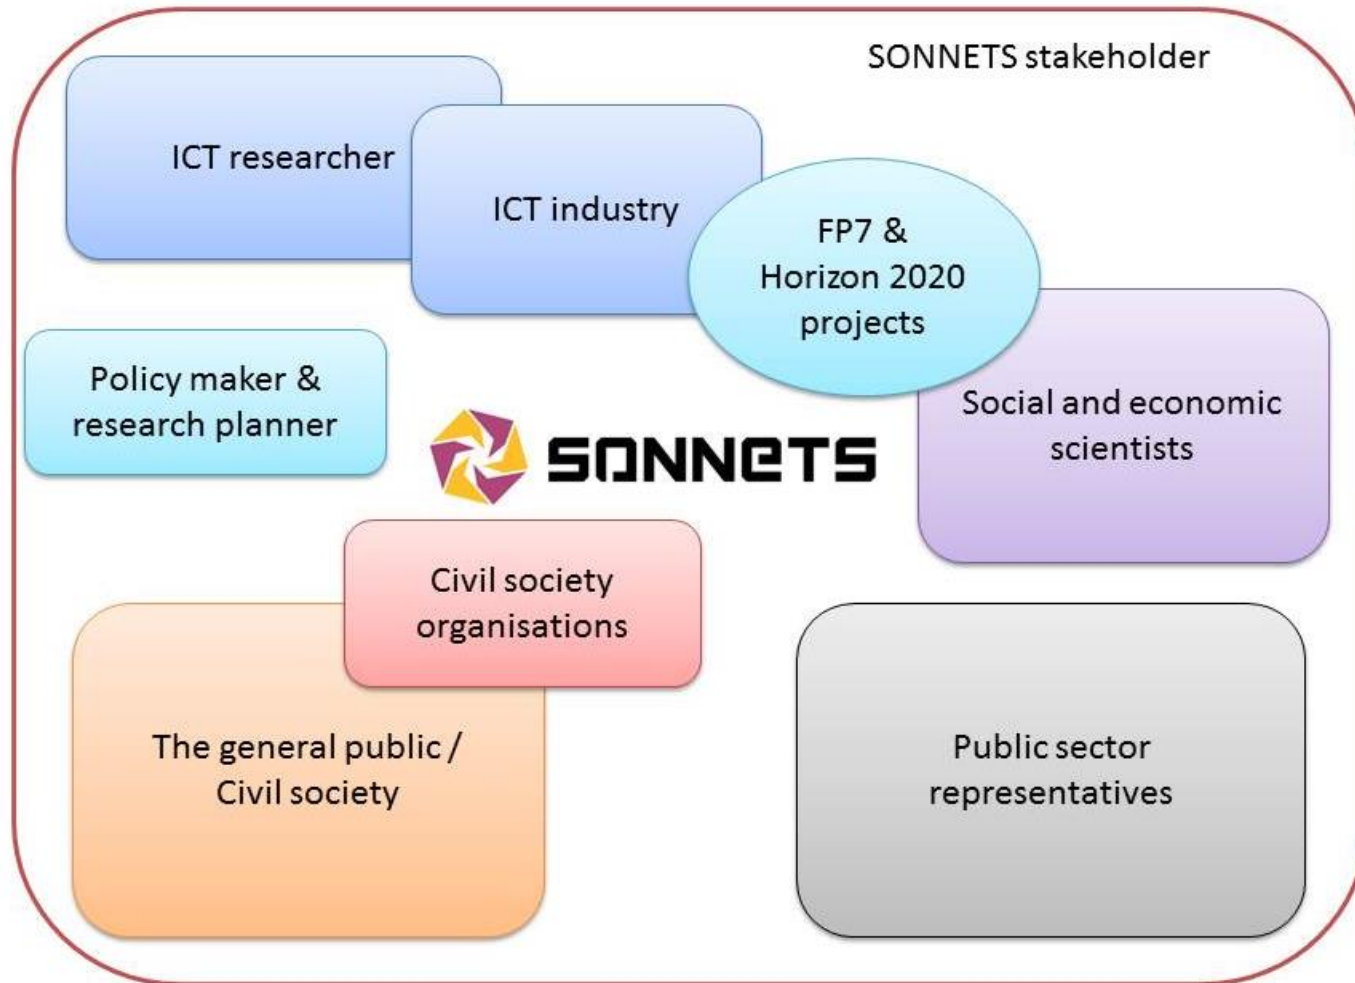

SONNETS axes

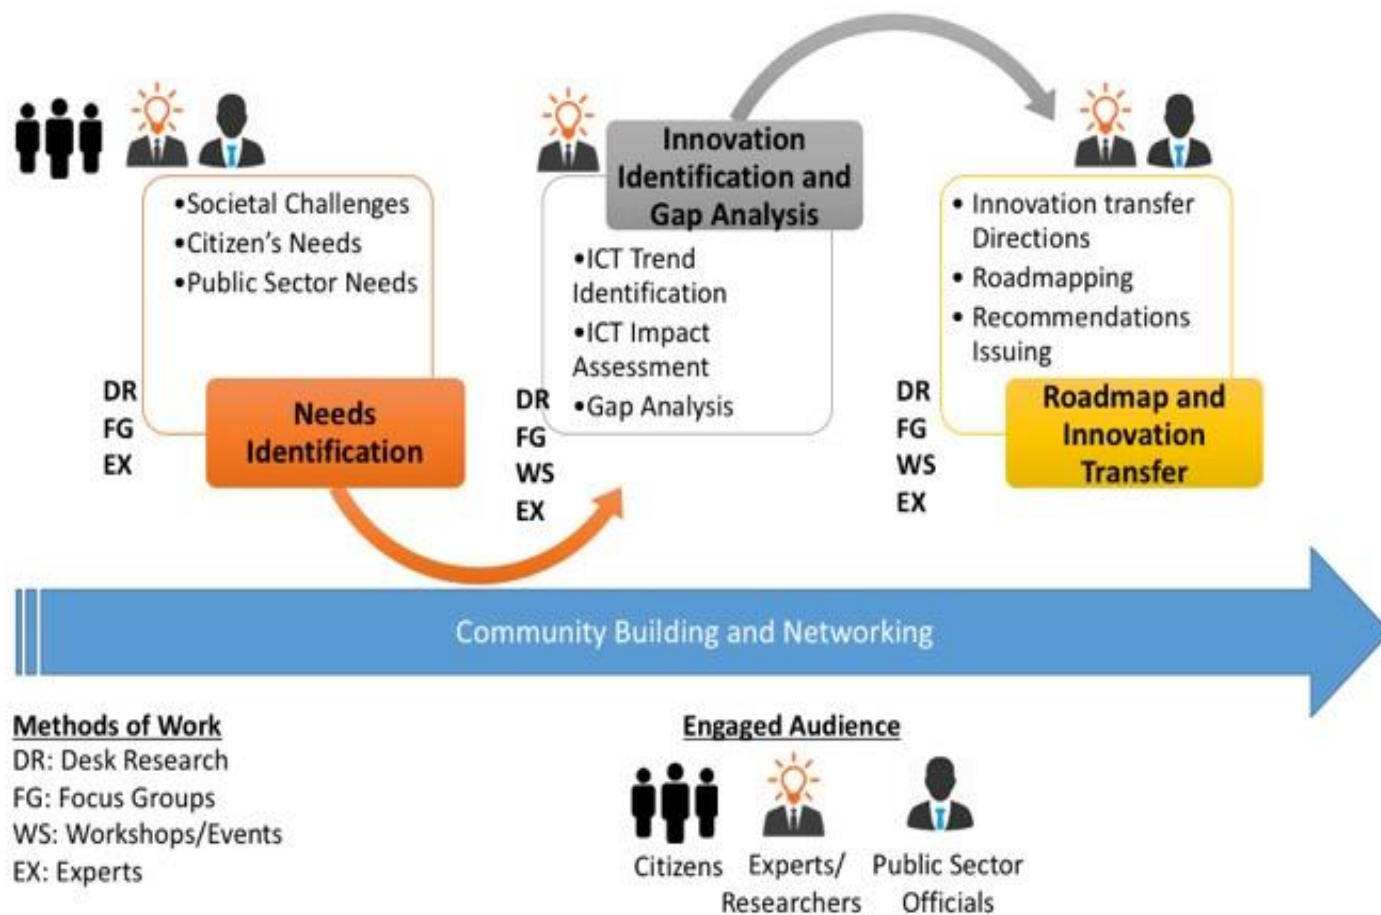

SONNETS will set the way for the **identification**, **analysis** and **take-up** of emerging technologies to accelerate the **transformation** of the public sector

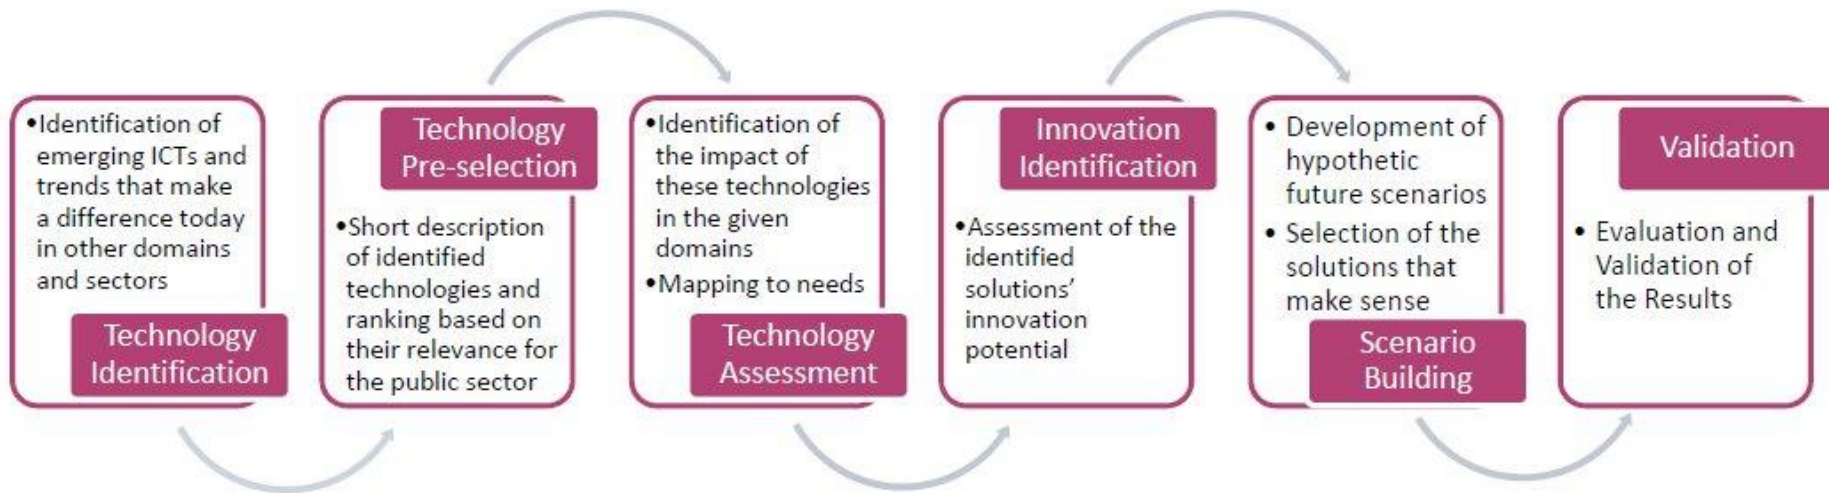

Who are our targeted stakeholders?

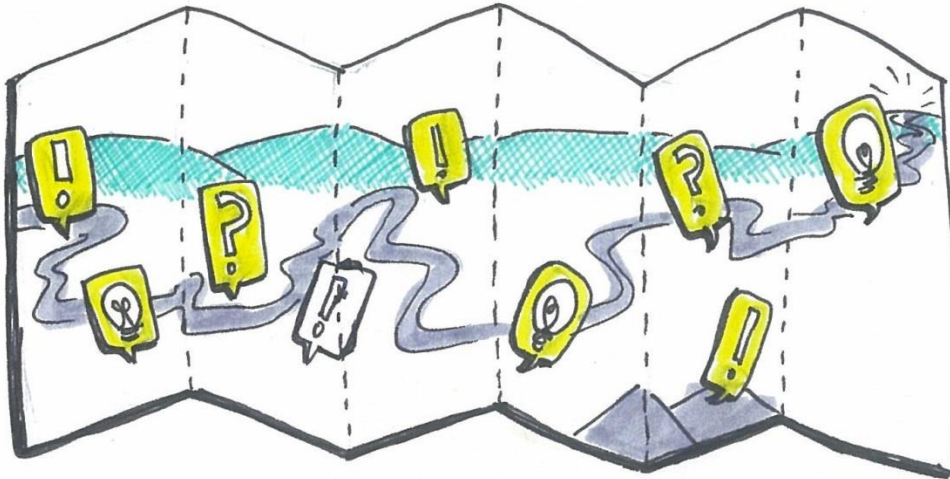

Mapping societal and PS needs with technologies

An innovative methodological framework (**SONNETS innovation framework**) for public sector organisations and related stakeholders to **accelerate their transformation** processes

SONNETS added value

The **SONNETS roadmap** with research directions for the final implementation of a relevant technology in the public sector.

Tailored **stakeholder specific briefs** informing about the results and recommendations of SONNETS

The SONNETS **community**
